FIVE PART DEVELOPMENT MODEL

1. Year-round training and playing (September to May) with professional coaches.
2. Development matches against a variety of semi-professional and youth academy teams.
3. Visiting professional coaches from the UK's professional leagues.
4. Development training opportunities for selected students with professional teams.
5. Assessments twice per year for individual player feedback on performance and fitness: use of sports science programme for performance.

UDA ACADEMY PHILOSOPHY

The UDA Football Academy is committed to helping student athletes reach their optimal playing potential through development, exposure and opportunities across a number of platforms at the critical development years of 18-21.
