PARTNER UNIVERSITIES

As a partner with four UK universities we believe we can help find the best fit for you from over 1,000 degree options. Through our partnerships we know what each university we work with offers and can match you based on your needs and goals to ensure you have a purposeful and memorable student experience.

We strive to fit the needs of every student through multiple degree options that fit their career goals.

WHY IN THE UDA UK

EMPLOYABILITY

Your UK degree provides you with work based learning that sets you up for international success and employability.

QUALITY

Degrees completed in the UK are internally recognized and accepted.

VALUE

A UK degree offers tuition between £12,000 and £15,000 over a three year period. A huge savings that will significantly reduce students debt.

EXPERIENCE

UK modules within degree programs are project based and most require experiential, real life work experience as part of the degree course.

UDA DREAM MAKERS

We are with you every step of the way.

WHAT IS THE DREAM MAKER PROGRAMME?

We will connect students early in their university experience to prospective employers seeking talented people through the development of a professional portfolio. We want to ensure that our graduating students find a career that leads to a purposeful and productive life.

WHAT IS THE DREAM MAKER PROGRAMME?

UDA initiates contact with companies to consider their work culture, lifestyle options, mission, purpose, values, and vision for prospective employees.

UDA will reach out to companies who are selected to be part of the Dream Maker Programme. We will match the degree qualifications, skills, and knowledge of our graduates to the needs of companies.

Companies and students are connected early in the student's university career to ensure the perfect match.
